

# Turbomix

The ultimate vertical  
blender designed  
for the frozen dessert  
and pastry laboratory

**Performance and Quality** Variable Speed motor is comfortably controlled by hand controls. Blender can be moved vertically and in 360° circular motions. Turbomix comes with two cutters plus an optional cutter. • Cream Emulsifier - Quickly emulsifies dairy and oily ingredients into creamy mixtures or base mix. • Fruit Emulsifier - Great for chopping & mixing pieces of fresh or frozen fruit puree into a base. It is also ideal for blending sugars and powdered ingredients for water-based mixtures. • Optional Cutter - The rotary blender can cut large pieces of fruit such as whole pears and apples. Transforms blended fruit into a fine puree.

**Convenience** Immersion blender stands alone for ultimate comfort and ease of use. Desired mixing time can be set, allowing Turbomix to finish production autonomously. Optional Steel bucket available.

**Safety** Activated by 2-handed control sensor.

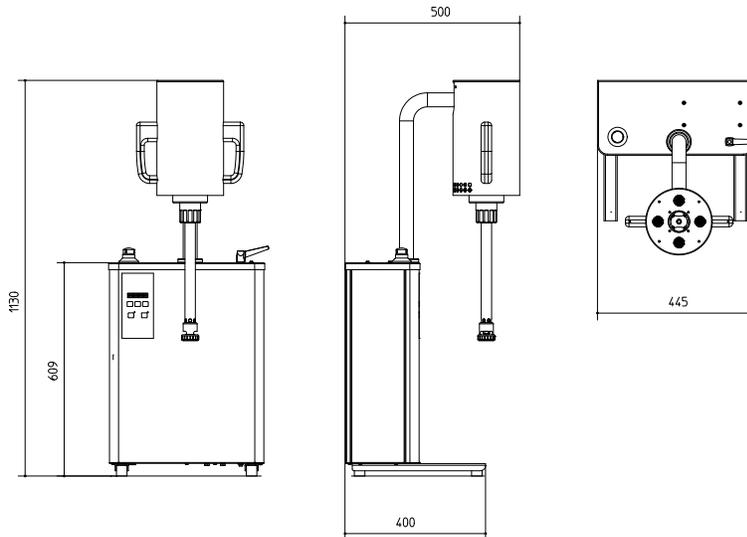

**Hygiene** Emulsification blades can be taken apart and cleaned completely.

\*request it from your dealer to always keep your machine hygienically perfect.
