VOLLRATH

58814

14-inch carbon steel induction wok pan

Pair the induction wok pan by Vollrath with your induction range for an incomparable level of performance. The durable carbon steel construction promises years of excellent, even heating, while a strong tubular handle offers a comfortable grip and features a hang-hole for convenient storage. The sleek interior allows easy stirring, and the wide design provides excellent visibility, making this pan perfect for both front- and back-of-house applications.
