Soho™ 18/10

The tradition in Europe for designating quality standards of the finest flatware was to “hallmark” the inside of the flatware bowls and tines. Today we do this with Soho 18/10, the first in the line with Walco’s coat of arms and logo as our markings. The tabletop was set with the unmarked back of handles facing the user. This tradition can still be found in European and US fine dining establishments.
