 1-15P
  CSA, US and Canada

Notes & Details

This Waterloo AC adapter is a direct replacement for the one that came standard on your hands-free sensor faucet. The adapter is a vital part of your faucet, as it provides power to the control module and allows it to dispense water at the right time. If your adapter is broken or has gone missing be sure to replace it promptly.

 **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.
