a (1) 1/2" NPT Inlet

Notes & Details

This Waterloo wall-mounted pot and kettle filler features a 4" long nozzle with a spray valve and hook nozzle. Its flexible, 68" stainless steel hose allows for easy long-distance use.

A 1/2" NPT female connection enables consistent access to the single inlet faucet with lever handle that controls both hot and cold water. This faucet also has a 2.6 GPM for a strong, steady flow. This filler comes with a ceramic cartridge that enables long-lasting product life and better control of flow and temperature.
